

## Med-e-Tel 2006 Publications

### The International Trade Event and Conference for eHealth, Telemedicine and Health ICT

Papers provided in these Proceedings were compiled for and presented at Med-e-Tel 2006. The Proceedings is a collection of essays, a collective experience of experts from different continents and different cultures. **109 presentations from 46 countries** are included in it. The aim of the publication is to permit those who are planning to introduce eHealth/Telemedicine applications in their regions or countries to rely on experiences of others in order to avoid making mistakes and to reduce potential problems.
