

Content

<b><u>Opening Session</u></b>	<b>1</b>
<b>Converging Bio-Technologies to Implement eHealth Knowledge Sharing</b> , G. Tritto	2
<b>eHealth Standardization and Training</b> , M. Nerlich, A. Leis, B. Blobel	6
<b>Telemedicine in India: The Apollo Story</b> , K. Ganapathy, Aditi Ravindra	7
<b><u>Session 1 Bioinformatics and Bioeconomy for Human Life: Bio-Knowledge Sharing for Health e-Learning (WABT Workshop)</u></b>	<b>15</b>
<b>(Bio)Medical Knowledge centers Compunctics as the Foundation for Global e-Learning</b> , L. Bos	16
<b>F-Learning @ BINTEL: f-Community of Research</b> , Z. Baracskai, E. Erdei, J. Velencei, V. Dörfler, Z. Baracskai	24
<b>Intelligent Medical Database, Telemedicine and the Routine of Internal Medicine</b> , C. Arnold, Z. Englert, M. Petrakanits	26
<b>Knowledge Management and e-Learning in a Bioeconomic Framework</b> , S. Margarita	28
<b>New Bioeconomics and NBIC</b> , G. Tritto, M. Panet	33
<b><u>Session 2: eHealth: Essential Support to Surgery and Traumatology</u></b>	<b>35</b>
<b>A Tlediagnosics of Fracture Healing Progress</b> , W. Glinkowski, J. Żyłkowski, A. Wojciechowski, P. Picewicz, A. Górecki	36
<b>An Out-patient Survey of Plastic Surgery Patients</b> , M Nayeemuddin, M A Majeed, A Muneer, A Misra	42

<b>Colour Fidelity of Digital Skin Images: Subjective Estimation by Dermatologists</b> , N. V. Matveev	47
<b>ESTELE: Expert system for tele-echography using a tele-operated light weight robot - The pilot phase</b> , Ph. Arbeille, G. Poisson, P. Vieyres, D. Sallé, V. Dupourqué	49
<b>Inexpensive Telemedicine Applications and Trauma System Development in Latin America: Ecuador's Experience</b> , M. Aboutanos, F. Mora, M. Duong et al.	51
<b>Match: Automated diagnosis system for the treatment of colon cancer by discovering mutations on tumour suppressor genes</b> , A. Kupidura	56
<b>Telescreening of the Posture and Spinal Deformations followed by Telerehabilitation project - Current Status</b> , W. Glinkowski, R. Sitnik, K. Małkosa et al.	58
<b>The Feasibility of Remotely Supported Myofeedback Treatment (RSMT) in Women with Neck-shoulder Pain due to Computerwork</b> , M. H. A Huis in 't Veld, B. C. H Huijgen, L. Schaake et al.	65
<b>Tools for Global Healthcare for All, Any Time, Anywhere: Ubiquitous Healthcare</b> , G. Grasczew, T. Roelofs, S. Rakowsky, P. Schlag	69
<b>Visualization of Multidimensional Biomedical Data using GRID Technologies</b> , G. Varoneckas, J. Zilinskas, A. Martinkėnas et al.	73
<b><u>Session 3: Mobile eHealth Solutions</u></b>	77
<b>A Telemedical Therapy-management System with Rule-based Active Patient Feedback</b> , M. Pinsker, P. Kastner, G. Schreier	78
<b>Aerotel's New Mobile Telemedicine Solutions: The Mobile The Mobile-CliniQTM and MDKeeperTM</b> , D. Rubin, R.	82

Schliesser, O. Atzmon

**Concepts and Strategies for Personalized Biofeedback-Therapies**, P. Friedrich, A. Scholz, J. Clauss et al. 84

**Contex-aware Mobile Teletreatment for Patients with Chronic Pain**, M. M. R. Vollenbroek-Hutten, M. van Weering, M. H. A Huis in 't Veld , H. J. Hermens 89

**Mobile and Wireless Technologies for eHealth Provision in Africa: Opportunities for GSM-Based Patient Centric Services**, A. Ilyemi, C. Fitch, D. T. Parry, J. Briggs 92

**Mobile ECG – A New eHealth Solution for Telecardiology based on eHIT Health Gateway Platform**, F. Galbiati, K. Takizawa, A. Holopainen 101

**Telemedicine in a Complex of Socially Important Services to the Population in Russia and CIS countries**, M. Ya. Natenzon, B. V. Kristalny 105

**The Mobile Doctor: Ambient Medicine® through Sensor-aided Personalized Telemedical Devices**, P. Friedrich, A. Scholz, J. Clauss et al. 111

**Session 4 ETSI Workshop** 116

**Human Factors: User Experience Design Guidelines for Telecare Services (Workshop Description)**, Bruno von Niman, Steve Brown 117

**Human Factors: User Experience Design Guidelines for Telecare Services**, B. von Niman, T. Sund, A. Rodríguez-Ascaso, S. Brown 120

**Session 5: Ageing Services Technologies: Lessons from Providers and Consumers (IAHSA Workshop)** 126

**Ageing Services Technologies: Lessons from Providers and** 127

<b>Consumers – IAHSA Overview, J. C. Vanderhaegen</b>	
<b>Ambient Assisted Living – Living in a technologically Assisted Environment, W. Meyer</b>	129
<b>Center for Aging Services Technologies: Vision for the Future of Aging Services, R. Scritchfield, K. Caine</b>	130
<b>Senior Living, User Requirements in the Perspective of Developing ICT Solutions, E. de Heus</b>	132
<b>The Search for a Balance between Artificial and Human Support for Elderly and Disabled People in Daily Life, P. Deboutte</b>	134
<b><u>Session 6: eHealth for Developing Countries: Lessons Learned</u></b>	<b>136</b>
<b>A Collaborative Service Platform for Integrating Health Care Programs N. K. Singh, P. S. Ramkumar</b>	137
<b>African Network of Distance Training Centres for Health Proximity Actors: A Francophone Initiative to Contribute to the Reduction of Maternal and Child Mortality L. Kleinebreil , O. Archambeau , E. Bouenizabila , O. Ly, F. Tall</b>	138
<b>An Electrodermal Activity Psychophysiologic Model, H. Gamboa, A. Fred</b>	140
<b>An Introduction to Next Generation Digital Healthcare Services, Z. H. Yao, L. Androuchko</b>	144
<b>CFM/NAPRA Telemedicine Project: An efficient Tool to Provide Health Aid and Capacity Building to Isolated Riverside Population in the Amazon Rainforest, J. Ladeira, M. Salazar, F. S. N. Machado, G. Z. Martins</b>	147
<b>Creating an Eco System for Delivery of Healthcare to the Rural and Remote Hospitals using SATCOM Technology: The Indian Experiences, R. L. N. Murthy, L. S. Satyamurthy, A. Bhaskaranaryana</b>	148

<b>Delivering a Continuum of Care in Community based Settings using Web-based Personal Health Records, P. K. Gaur</b>	152
<b>EHAS Program: Exitoso Project in Telecommunications or in Telemedicine? R. Medeiros, J. Wainer</b>	154
<b>eHealth Challenges and Prospects in Africa O. J. Adebola</b>	163
<b>E-Health for Poor Bangladeshis: The Mobile Way, AHM Sultanur Reza, AMM Yahya</b>	169
<b>E-Health in Iran: Obstacles and Solutions, A. Golchin</b>	171
<b>Personal Electronic Health Diary for Developing Countries (PeHD), S. A. Shabbir</b>	174
<b>Role of International Organization in the Promotion and Marketing of eHealth Services for Developing Countries, V. Androuchko, P. Nuq</b>	179
<b>The Role of Telecommunication in eHealth Services for Developing Countries, L. Androuchko</b>	185
<b><u>Session 7: Advanced Systems Strategies for e-Hospitals</u></b>	<b>193</b>
<b>A Framework to Support Intelligent Hospital Information System, N. Koutsouris, K. Tsagkaris, F. Malamateniou, P. Demestichas</b>	194
<b>Automatic Microbiological Laboratory Based Surveillance: The Micronet Project, F. D’Ancona, C. Rizzo, S. Gamberini</b>	198
<b>eHealth @ Clinic, A. Leis</b>	203
<b>Increasing the Competitiveness of Hospitals through out an eHealth Portal to Connect Referring Doctors, C. Fehlerl K. Möbius</b>	204
<b>Simulations and Usability in the Evaluation of Pre-hospital</b>	206

<b>Emergency Care: A Case Study</b> , S. Turunen, J. Holopainen, H. Jäntti et al.	
<b>Telemedicine Experience to Serve e-Clinics</b> , A. I. Sel'kov, V. L. Stolyar, O. U. Atkov, E. A. Sel'kova, N. V. Chueva	211
<b>The Romanian-Italian Telemedicine Project</b> , V. D. Moga, M. Moga, L. Stoicu-Tivadar et al.	218
<b><u>Session 8: Efficiency in eHealth</u></b>	<b>222</b>
<b>Alcatel-Lucent Solutions enabling better Healthcare Outcomes: Better Patient Experience, Improved Caregivers Efficiency and Enhanced Healthcare System</b> , R. Gass, N. Hill	223
<b>Economics and Marketing of Modern Telemedicine</b> , A. Selko1, O. Atkov, V. Stolyar, N. Chueva, E. Selkova	225
<b>Improving eHealth Quality and Safety</b> , A. C. M. Dumay	227
<b>Methods for Estimation of Efficiency of Telemedical Consultation</b> , A. V. Vladzimirskyy	236
<b>Qualitative Study: Evolution of the Model in Teleassistance and Healthcare</b> , L. C. Fernández, I. de Andrés, L. del Arbol	240
<b><u>Session 9: Successes in Telecardiology</u></b>	<b>244</b>
<b>A Geo-eHealth System for Large Scale Epidemiological Blood Pressure Assessment</b> , G. Schreier, S. Welte, Hayn, P. Kastner	245
<b>A Telecardiology Service Quality Model</b> , A. N. Kastania, S. Demarias, S. Kossida	249
<b>Applicability of Lead V2 ECG Measurement in Biometrics</b> , H. Silva, H. Gamboa, A. Fred	253
<b>Computer Expert System for Risk Stratification and Therapeutic Decision Making in Acute Coronary Syndromes</b> ,	257

M. Grabowski, R. Rudowski

**Design of Online ECG Measurement System using Lab View Software**, N. P. Chowdhry, A. Ali, B. S Chowdhry, A. Q. K Rajput 259

**E-Prescribing and Medication Management: Contribution from Community Pharmacists**, I. Silva, J. Chave, 265

**Internet Survey on the Coronary Risk among Polish Web Users**, M. Grabowski, T. Kozinski, FM. Szymanski, K. J. Filipiak, R. Rudowski, G. Opolski 267

**Minas Telecardio: Telecardiology in the Public Health System of Minas Gerais, Brazil**, M .B .M. Alkmim, A. L. P. Ribeiro, C. S. Cardoso et al. 269

**Telecardiology for Developing Country: Is it Feasible to Arrange?** V. Androuchko, M. Nashi 273

**Telemonitoring by Congestive Heart Failure: Predictive Value of Blood Pressure and Weight Instability in the Early Detection of Pending Cardial Decompensation**, D. Baden, J. Fleck, M. Klingelberg et al. 278

**Session 10: Best Practices of European eHealth Expertise** 283

**ACUBASE - On-line System for High Quality Acute Toxicity Data Acquisition and Management**, R. Rzepka, R. Rudowski, A. Kinsner, D. Sladowski 284

**COCOON: GPs Risk Management system for GPs**, V. Costigliola, L. Puccetti 287

**Connected Health: Delivering Safe, Affordable and Accessible Healthcare**, R. Carletto, T. Stroemsnes 289

**Delivering Telehealth in Kent, England**, H. Price 291

**E-Health and Tourism: A New Opportunity** , Margarida Colet 292

Jané, Pedro M<sup>a</sup> Gonzalez Rodriguez

**European Citizens' Use of e-Health Services: A Study of Seven Countries** , A. Hege, M. Bujnowska-Fedak, C. Chronaki R. Dumitru, I. Pudule, S. Santana, H. Voss, R. Wynn 294

**Financing Opportunities Available at EU and National Level to Support and Boost Investment in eHealth**, L. Botifoll 296

**Risk Management in Regional Health Care strategies**, V. Costigliola, L. Puccetti 301

**Snomed CT Standard in e-Health: Is it Really Needed?** R. Rudowski, M. Grabowski, J. Michalik, B. Kaczynski 303

**Study of the Expediency of Implantation of National Systems of Medical and Pharmaceutical Information via the Internet in Ukraine and Russia, which is Made on the Base of Ukrainian Project DOCTOR.UA**, A. A. Lendyak 306

**Telemedicine at Sea, Communicational Challenges**, F. Amenta, A. Tveito, D. Terning 310

**Telepsychiatry in Denmark**, D. Mucic 314

**Session 11: International Telemedicine and eHealth Initiatives and Developments** 319

**A Need for Internationall Ethical and Medico-legal Guidelines for Telemedicine in Africa** , M. Mars 320

**ALTERMED: An Opening up Concept for Isolated Locations (Description, Upgraded Results)**, A. Petitet, P. Traineau, A. Bili, G. Jan 324

**Applications of Information Technologies for Research in Clinical Ophtalmology**, A. Paunksnis, S. Kurapkienė, V. Barzdžiukas et al. 325

**Association of Ukrainian Telemedicine and eHealth** 328

<b>Development</b> , A. V. Vladzomyrskyy, V. G. Klymovytsky, D. K. Kalinovskiy, I. V. Kutsenko, A. K. Rushay, V. V. Prykhodchenko	
<b>Danish Healthcare Model "Sundhed.dk" / How Denmark did achieve a National eHealth Infrastructure</b> , A. Juhl	330
<b>E-Health in Polish Local Hospitals: Present State, Requirements and Possibilities</b> , M. Karlinska, R. Rudowski	331
<b>ePathology – Virtual Pathology Center in Georgia</b> , E.T. Kldiashvili	335
<b>Five Years from the Introduction of the Method of “Distance Learning” in Medical Curriculum in Bosnia and Herzegovina</b> , I. Masic	341
<b>Southern Brazilian Projects in Telemedicine and eHealth</b> , A. L. F. Sparenberg, T. Russomano	343
<b>Status of Austrian Telemedicine Activities</b> , P. Soegner, V. Soegner-Tinhof, D. zur Nedden	345
<b>The Evolution of Telemedicine in India</b> , K. Ganapathy, A. Ravindra	347
<b><u>Session 12: Homecare Applications: Maintaining Quality of Life for Elderly, Disabled and People with Special Needs (Business Models, Experiences, and Solutions)</u></b>	<b>353</b>
<b>A Telecare System using Digital TV to Assist People at Home</b> , F. Sicurello, D. Bianco, F. Cesari et al.	354
<b>Ambient Assisted Living: Preparation of a New European Funding Programme</b> , M. Huch, H. Strese	355
<b>Forecasts for Consumers' Purchase of Integrated Home Healthcare Systems in the US</b> , Rob Scheschareg	359
<b>ICT for Improving Care, Experience in Rehabilitation</b> , H. J.	365

Hermens, M.M.R. Vollenbroek-Hutten, M. H. A Huis in 't Veld	
<b>Large Scale Remote Monitoring of Long Term Conditions: A Changed Paradigm of Care</b> , C. Plaskon	367
<b>Medical Monitoring for Independent Living: User-centered Smart Home Technologies for Older Adults</b> , O. A. Blanson Henkemans, K. E. Caine, W. A. Rogers, A. D. Fisk	368
<b>Smart Houses and Smart living for Older People: Lessons Learnt from 10 Years Experience in the Netherlands</b> , Ad van Berlo	374
<b>The Patient Home Assistance Application Based on Telemedicine Service</b> , S. Ionita, P. Anghelescu, S. Puscoci, M. M. Ionita	376
<b>Video-Communication in Home Care: The Application and the Business Model</b> , Thomas Pfeller	380
<b><u>Session 13: Telepaediatrics: Telemedicine and Child Health Experiences and Success Factors</u></b>	<b>384</b>
<b>Aerotel's New Solutions for Child Care and Monitoring: The HeartOne™ and SKeeper™</b> , D. Rubin, R. Schliesser, O. Atzmon, R. Fogelman, A. Eisenberg	385
<b>Baby Mobile: Mobilizing Virtual Baby Visit</b> , P. Ketelaar I, R. Spanjers, S. Feuth	387
<b>Eight Years of Experience in Telepaediatrics</b> , B. Kobrinsky, N. Matveev	389
<b>Pediatric Electronic Health Record in Hospital Information System "Svogija"</b> , J. Vinarova, P. Mihova, I. Penjurov	391
<b>Telemedical Videoconferencing: The Russian Experience</b> , B. A. Kobrinsky	395
<b>Telepediatrics: The University of California, Davis Children's</b>	399

**Hospital Experience, J .P. Marcin, K. Parsapour**

**Session 14: e-Learning** **401**

**Camerino University (UNICAM) E-Health and Telemedicine Courses: A New Area for University Education, F. Amenta, S. K. Tayebati, D. Tomassoni** 402

**Evaluating the use of an Internet Course with Video Demonstration for Training Medical Students in Lifesaving Procedures in Trauma Care, F. S. Collet e Silva, N. D. Mori, A. C. Antunes et al.** 406

**Jumping into the e-Learning World: From Inception to Implementation , M. Zolfo, C. Kiyan, V. Renggli, I. de Waard, L. Lynen** 411

**Learning with Video-conference in Trauma – Real Time Presentation and Discussion of Traumatic Injuries Management at Distant Places, F. S. Collet e Silva, N. D. Mori, C. Costa et al.** 415

**The Organization and Implementation of Distance Education in Georgia, E. T. Kldiashvili** 418

**Virtual Man, Cybertutor: A Project in Dentistry, S. Soares, D. Castilio, C. A. P. P. Sgaviolli et al.** 425

**Session 15: eHealth Solutions for Diabetes Management** **429**

**A Complete Mobile Phone Based eHealth Solution for Diabetes Management, A. Holopainen, F. Galbiati, K. Voutilainen** 430

**Diabete, Telemedicine and Satellite , J. Beas-Garcia, H. Diez, L. Kleinebrell** 435

**Session 16: eHealth in Daily Practice** **437**

<b>An Electronic Health Records for Scotland: Legal Problems Regarding Access and Maintenance, R.Gertz</b>	438
<b>Brazilian National Telehealth Program, A. E. Haddad, M. B. M.Alkmim, C. L. Wen, S. Roschke</b>	442
<b>Consumer Attitude towards eHealth in Greece, C. E. Chronaki</b>	445
<b>Design Guidelines for the Improvement of Telemedicine Acceptance by Medical Professionals, P. E. Esser, R. H. M. Goossens, M. R. M. Crul</b>	449
<b>Providing after Hours Workforce Support to Rural General Practitioners in Tasmania, Australia: A Practical Application of ICT in Primary Care, J. A. Davis, D. J. W. Law</b>	453
<b>Reporting of a Telemedicine Centre to Involved Integrated Care Players, M. Klingelberg, D. Baden, M. Wähler et al.</b>	457
<b>Telecenters Networks for Complex Medical Services – TELMES, S. Puscoci, S. Ionita, F. Bajan, F. Șerbanescu</b>	462
<b>Telemedicine in dDaily Practice – How and What for? (Practical Results), A. V. Vladzomyrskyy, V. G. Klymovytskyy, D. K. Kalinovskyy, E. T. Dorokhova</b>	467
<b><u>Session 17: The Carinthian Notarzt (Emergency Physician) Information System (CANIS) Workshop</u></b>	<b>469</b>
<b>CANIS – Quality Enhancement in Emergency Medicine through Wireless Wearable Computing, S. Grasser, J. Thierry, C. Stingl, C. Hafner</b>	470
<b>The Emergency Physician A Best or Burden? C. Hafner, J. Thierry, S. Grasser</b>	475
<b><u>Session 18: The Late Submissions</u></b>	<b>479</b>
<b>Field Test of Diabetes Tele-health Platform shows Significant</b>	480

**Impact on Hb1Ac Reduction, Patient Satisfaction,  
Productivity Increase and Cost Reduction, R. de Jong,  
E.Leideman**

**eHealth for Bangladeshis: The Mobile Way, AMM Yahya,  
AHM Sultanur Reza**

**482**
